Kanopy Documentaries

The Library's [Kanopy Streaming](#) video platform is picking up steam. As promised, we are making more films available to keep pace with interest.

In November, we activated the [Documentaries](#) collection giving our campus access to nearly 5,000 more films.

If there is demand for films in other subject areas of *Kanopy*, let us know and we will consider making them available. We also have the [Education](#) and [Social Sciences](#) collections activated.

Book & Media Sale

The December Book Sales features books, CDs and music scores. Prices range from \$1-\$2.

Around the holidays, we always put out our most giftable materials.

If you would rather downsize instead, please consider donating your unwanted books to the Library. If we do not add the books to our collection, we will sell them at the book sale. And we use Book Sale proceeds to purchase new materials for the Library's collections.

To donate books, please contact [Sharon Knight](#) in Library Technical Services.

December Relaxathon

Stress and academic achievement don't go well together. So the Library's Relaxathon events are intended to give students positive outlets for relieving stress while enjoying interactive activities. Events begin Monday December 4 and continue through exams.

We'll be offering pet therapy, crafts, and other activities during the day. Evenings will feature free popcorn, coffee and tea. Stay tuned to the [Library's Events](#) page for details.

Andersen Library also offers [extended hours](#) beginning Friday, December 8 and continuing through exams.

Flu Clinic @ The Library

Haven't had a chance to get your flu shot? University Health and Counseling Services is conducting a flu clinic. UW-W students and staff can get an influenza vaccine in the Library.

Date: Monday, December 11

Time: 12-1:30pm

Place: Andersen Library 3102N

Cost: \$10 students \$15 staff

Citrix: Off-Campus Quick Fix

Do you or your students ever have trouble accessing Andersen Library online resources from off-campus? If so, iCIT has a new workaround using the Citrix software.

The Library's [Troubleshooting Guide](#) has information on using [Citrix](#) to solve off-campus access issues relating to the Library's proxy server.

The [Guide](#) includes other off-campus access tips as well. If you still have access issues, give us a call at the Reference Desk at 262.472.1032.
