Reference Collection

When you return in the Fall, the Reference Collection will have a whole new look. Most of the space it currently occupies will be student study and research space. Many of the titles will move to the Main Collection and will be available for check out. And those titles that were on the withdrawal lists this spring will be gone.

Student Tech Fees Help Library

For the third year in a row, the Library has been awarded student tech fee funds to pay for the upgrade to [Academic Search Premier](#) and the online portion of [Sage Premier Journals](#). Student tech fee funds will also be used to purchase new public workstations and laptops for student check out.

Library Instruction

If your students are doing a research project this summer, you can sign up now to reserve a spot for Library instruction.

As always, library instruction may be done in your classroom or in the Library. Call the Reference Desk at x1032 or contact your librarian liaison:

Book Sale Success

Thanks to all who contributed to the success of the Friends of the Library Annual Book Sale in April.

The sale raised close to \$2,400 for the Library's acquisitions endowment account. Interest from this account is used to purchase new material for the Library.

Government Documents Review

This summer we are planning a review of the Government Documents collection. We may be contacting departments for input on this process. If there are areas of the Government Documents collections that are important to you, please contact [Barbara Bren](#).
