

September Letter from Andersen Library

September 7, 2016

<http://library.uww.edu>

University of Wisconsin - Whitewater

Welcome & Open House

Help us welcome our new Library Director, **Paul Waelchli**. Paul comes to us from Cornell College in Mount Vernon, Iowa where he led the combined Cole Library and the Center for Teaching & Learning.

In addition to his 15 years in academic libraries, Paul comes with a Master of Arts in Teaching and was a licensed teacher in Iowa before earning his Master of Library and Information Science at UW-Milwaukee. Paul mentions how his political work in the Minnesota State Legislature has helped his experience within higher education, "Working through a 3-way divided state government during redistricting gives one perspective." Beyond libraries, Paul has served as the book review editor for the *International Journal of Gaming and Computer-Mediated Simulations* and his research has focused on video games and educational strategies. Paul also was involved in his local community theater.

The Andersen Library is hosting an **Open House on Monday, September 19th, from 2:00 – 4:00**. This is an opportunity to talk with Paul and the other librarians about the coming year. "I'm excited to be part of the Andersen Library and I'm looking forward to working together with you for your students' success."

Wanted: Warhawk Book Talkers

What are Warhawks reading these days? Andersen Library will be rolling out Warhawk Book Talks on its YouTube channel and via UWWTV starting Fall Semester. Warhawk Book Talks are casual two to three minute interviews by an Andersen Librarian, and provide an opportunity for members of the UWW community to talk about books they recommend. Faculty, staff, and students are invited to record with us, and all book genres are welcome. If you would like to make this an opportunity for students in your courses or have a book you would like to recommend, please contact your liaison librarian. <http://library.uww.edu/about-us/staff#liaison>

Feel free to binge-watch Warhawk Book Talks recorded to date! View the playlist: <https://geturl.uww.edu/286>

Thanks to COBE Tech for filming our inaugural season.

Lots More Ebooks

All UW System libraries have access to the *Taylor & Francis* and *Project Muse* ebook collections this year. The collections are available now. Individual titles will be purchased based on UW System use. The books are accessible when searching Research@UWW.

And don't forget the 120,000 ebooks in [Ebrary Academic Complete](#) which are also available in [Research@UWW](#). Books may be read online or downloaded to devices.

Online Psychology Resources

This year, UW System libraries voted to switch our shared [PsycARTICLES](#) subscription from EBSCO to ProQuest interface to save money. It made sense for us to make the same switch for [PsycINFO](#) so the two products could be searched simultaneously. The content is also available when searching in [Research@UWW](#).

Another psychology resource to consider is [DSM-5](#), the *Diagnostic & Statistical Manual of Mental Disorders 5th edition*, the definitive work for classifying mental disorders.

Fall Undergraduate Research Day

Do you have student researchers who would like to present but aren't in the Undergraduate Research Program or McNair Scholars Program?

The Undergraduate Research Program is looking for other students to present at the annual Fall Undergraduate Research Day, which will take place on **Tuesday, Sept. 27, from 11:30 a.m. to 1 p.m.** in the University Center Hamilton Room.

The event is open to all disciplines. Presentations are given in poster format. If wishing to participate, please send the following information to urp@uww.edu by **Monday, Sept. 12, at 4 p.m.**, for each presentation.

- ⇒ Participating Student(s) Full Names
- ⇒ Hometown, State/Country, and Zip Code
- ⇒ Research Project Title
- ⇒ Mentor(s) Name(s)
- ⇒ Any Sponsors, e.g., assisted funding
